About Government Contracts

Acumed is positioning itself favorably in the procurement process, with best-in-class products and a strong field sales support team. We provide facility materials managers and departments access to preferred solutions in products, partners, and contracts.

The Acumed GPS Access program is designed to help you easily navigate the product supply chain while aligning with the agency-appropriate procurement vehicle.

We commit to providing ease of product and procurement access.

GPS Access enables customers to choose the right combination of product options to achieve optimal patient outcomes with the ease and speed of access to the most relevant procurement processes.
